

Suggest Amendments to League of Nations

(By Associated Press) WASHINGTON, D. C., Oct. 5.—Four amendments to the covenant of the league of nations suggested by the Danish, Norwegian and Swedish governments probably will be taken up at the first meeting of the assembly of the league at Geneva on September 15. They have already been submitted to all members of the league for study and require the approval of the council and a majority vote of the assembly to become effective.

The suggestion proposed is fixed in the assembly of the league to be held either at the time provided for in the rules of procedure or on a specific date such as the second session in September. It is also proposed that on the demand of 10 members of the league a special meeting of the assembly shall be called at any time.

Another proposal would regularize the method of selecting the four permanent members of the council. It is suggested that the assembly should select a new state each year to serve for a period of four years. All shall be subject to revision at the following period.

The purpose is to secure successive representation on the council of a large number of states while making only one change in membership each year.

A third amendment proposed to amend the word "generally" from the following paragraph in article XIV:

Paragraph 2 in the interpretation of article XIV as to the existence of a state which, if established, would constitute a breach of any international obligation, or as to the nature of the reparation to be made for any such breach, as provided to be among those which are generally suitable for submission to arbitration.

But purpose is to make the obligation to resort to arbitration more definite and precise.

The fourth amendment would permit the council to authorize a state in the vicinity of another state against which an economic blockade has been enforced to maintain a certain degree of intercourse with the belligerent state if this is considered necessary by the council.

JAPAN WANTS CHINESE ROAD

(Correspondence of Associated Press) PEKING, Sept. 2.—The Japanese have an ambition to monopolize the operation of the Chinese Eastern railway, in the opinion of a commission consisting of an American, a Frenchman and an Englishman who were sent by the Chinese government to Manchuria and Eastern Siberia this summer to inquire into political conditions there particularly as they affected the railway.

They left Peking June 16 and inspected the whole line of the Chinese Eastern and later continued their investigations in Vladivostok. In a report to the Chinese government the commission states:

"The Japanese attitude toward the Chinese Eastern railway today is correct in outward appearance; nevertheless, beneath the surface are to be seen numerous indications of their deep desire to dominate, if not to control its administration."

HUNGARY WILL HAVE MANY HEROES

(Correspondence of Associated Press) BUDAPEST, Sept. 16.—Hungary will have the largest family of heroes in the world by the government measure for the allotment of land to soldiers, just introduced. The beneficiaries will be limited to men who can prove they fought in the world war and opposed the red government and they are permitted to incorporate the word "hero"—here—in the family name.

IDAHO SEED TO GO TO MICHIGAN

(By Associated Press) POCATELLO, Idaho, Oct. 5.—J. W. Nichols, of the seed department, Michigan farm bureau, recently made a survey of the seed situation in Elmore county, Idaho, with a view to purchasing a supply for use in his state.

Mr. Nichols paid particular attention to the alfalfa fields in the May field district and declared the seed there to be of the best quality. He anticipates obtaining a considerable supply when the harvest is over for use by Michigan farmers, who, he says, are unable to get the grade of seed they desire without coming west.

Courts of Sinn Fein Active in Ireland

(Correspondence of Associated Press) DUBLIN, Sept. 16.—No attempt has yet been made by the government to suppress effectively the Sinn Fein civil courts. Where the Sinn Fein courts arrest and try prisoners for criminal offenses the police interfere, release the men charged and break up the courts where they can be discovered. But civil trials, in the nature of arbitrations between warring parties, are openly held every day in many districts; they have completely superseded the king's courts and the litigants appearing before them include members of every class in the community—Nationalists as well as Nationalists.

The Sinn Fein judges, appointed by election, are sworn in publicly with the ceremony and regular attendance, though nominally officials of the high court of justice, appear before them. The assize judges at the present assizes found that about 70 per cent of the cases listed for trial had been withdrawn from the assizes and transferred to the republican courts.

The Westmeath county council has decided that all British courts in the county shall be closed and have asked the republican police to prevent the buildings from being used for the holding of courts not recognized by the republican government.

At Swinford the East Mayo, a republican court, held a public session and tried 30 cases mostly involving title to land and houses. They tried a case of abduction.

At Loughrea, an Ulster Presbyterian court as plaintiff in a land dispute between him and some Sinn Fein men and the court decided in his favor.

In Cork one of the largest dry-goods stores which has its headquarters in Belfast was defendant in an action for profiting illegally by republicans and they won their case.

At Kiltinagh the railway station master complained that a goods train had been seized and goods stolen from it. When it was proved that the train was not stopped for the military but for private purchasers, payment was made on the station master.

The principal trials are of every

68 LANGUAGES USED IN HAWAII

(Correspondence of Associated Press) HONOLULU, T. H., Sept. 18.—Sixty-eight different languages and dialects are used over the telephone lines in Hawaii, including Hawaiian, according to records at the public utilities commission hearing on the Mutual Telephone company's application to increase its rates recently.

The list of languages representing the cosmopolitan conversations of this island include 11 separate national languages, 19 Japanese dialects, seven Chinese dialects, and English.

SEATTLE PLANS HOCKEY SEASON

(By Associated Press) SEATTLE, Wash., Oct. 5.—Contracts have been sent to the members of the team Seattle expects to enter in the coming series of the Pacific Coast Hockey Association. Nearly all the members of last year's team will be back in uniform, it is expected.

No announcement has yet been made of plans of the association. Last year Seattle, Vancouver and Victoria had teams in the league.

SUCKERS IN DEMAND IN CHICAGO MARKET

(By Associated Press) HOUGHTON, Mich., Oct. 5.—Owing to the scarcity of Lake Superior whitefish and trout, suckers are now being shipped to the Chicago market where there is a ready demand for them. One Huron bay fisherman has just shipped 760 pounds of the usually despised fish. Suckers from Lake Superior are said to be especially good and palatable, inasmuch as they are taken from some of the coldest water in the world and are firm and hard.

ONLY ONE AMERICAN IN HAWAIIAN SCHOOL

(Correspondence of Associated Press) HONOLULU, T. H., Sept. 14.—One Caucasian American pupil enrolled in a freshman class of 100 at the territorial normal school when it opened recently for the fall term. The remainder of the class was made up as follows: 15 Hawaiians, 27 part-Hawaiians, 15 Chinese, 17 Portuguese and 12 Japanese.

SAILORS CLIMB INTO VOLCANO

(Correspondence of Associated Press) HILO, Island of Hawaii, T. H., Sept. 21.—Sailors from the United States battleships Idaho and Arkansas, while visiting Kilauea volcano near here recently, repeated the daring exploit of the Hawaiian princess of 100 years ago, who climbed down the dangerous rim of the crater to the brink of the molten lake.

The incentives of the princess and the sailors, however, were slightly different. While the lady of royal degree
